Part V, Line 4 - Intended Uses for Endowment Funds

The Dorothy Blocker Fund was established to provide funds for healthcare scholarships for qualifying individuals.

Part X - FIN 48 Footnote

The Hospital and Foundation are not-for-profit corporations that have been recognized as tax-exempt pursuant to Section 501(c)(3) of the Internal Revenue Code.

The Hospital and Foundation apply accounting policies that prescribe when to recognize and how to measure the financial statement effects of income tax positions taken or expected to be taken on its income tax returns.

Part XIII Supplemental Information (continued)

These rules require management to evaluate the likelihood that, upon examination by the relevant taxing jurisdictions, those income tax positions would be sustained. Based on that evaluation, the Hospital and Foundation only recognize the maximum benefit of each income tax position that is more than 50% likely of being sustained. To the extent that all or a portion of the benefits of an income tax position are not recognized, a liability would be recognized for the unrecognized benefits, along with any interest and penalties that would result from disallowance of the position. Should any such penalties and interest be incurred, they would be recognized as operating expenses.

Based on the results of management's evaluation, no liability is recognized in the accompanying combined balance sheets for unrecognized income tax positions. Further, no interest or penalties have been accrued or charged to expense as of September 30, 2021 and 2020 or for the years then ended. The Hospital's and Foundation's tax returns are subject to possible examination by the taxing authorities. For federal income tax purposes, the tax returns essentially remain open for possible examination for a period of three years after the respective filing deadlines of those returns.

Facility 1, Evans Memorial Hospital - Part V, Line 5

The Center for Public Health Practice and Research at the Jiann-Ping Hsu College of Public Health (JHCPH), Georgia Southern University worked in partnership with Evans Memorial Hospital to complete a Community Health Needs Assessment (CHNA) for the hospital's primary service area of Evans and Tattnall Counties.

The project team of 7 individuals from JHCPH worked with hospital leadership and the community advisory board (CAB) to distribute a link to an online community survey to individuals living in the hospital's primary service area. The survey was also made available to potential respondents via the hospital's website. In addition, the hospital leadership and the CAB assisted with the recruitment of representatives of community organizations for two key informant focus groups. There was an average of seven participants in each focus group, which lasted an average of 73 minutes each.

support services. Our organization collaborates with numerous not-for-profit agencies and programs to extend and strengthen our mission. Our programs are successful due in large part because of these collaborations. One example of this is Evans County Cares. Many of our organization co-workers are also involved at every level of the community through their work as organization representatives on not-for-profit boards. With our partners, we listen to our patients and clients as well as access existing needs assessments and studies in order to determine the community's most pressing needs. The organization uses federal information and reports from agencies such as the U.S. Census Bureau and Bureau of Labor statistics as well as resources such as "Demographics Now" that provide a wide array of demographics, household income and services, retail outlets, etc. in defined zip codes. This information, combined with our extensive collaborations and our role as a leader in the community, provides us the means to understand and address the community's needs and ensures our outreach programs are focused on the populations who need our services the most.
